

CHEŚÉTA

**In the silence of the heights,
where flavour takes shape.**

A wine that tells the story of the mountains
and the art of knowing how to wait.

An authentic and spontaneous wine, a sincere expression of its territory and of Nebbiolo Chiavennasca. Polite and pleasant, it welcomes the palate with softness and balance, without sacrificing character. Elegant and refined, it reveals sophisticated aromas and a harmony in which every element finds its place. Slender and smooth, it offers a fresh and clean taste, seducing with its naturalness rather than its power. A wine that captivates with its grace, balance and forthright personality, always inviting you to take another sip.
